Dear Member

I hope this message finds you well. This letter serves to inform you about an important upcoming change in our operations. We will soon be migrating to a new association management software system, GlueUp (AMS), to streamline our processes and enhance efficiency across the board.

This decision was made after careful consideration of our current needs and future growth opportunities. This GlueUp AMS offers advanced features that will allow us to better manage our projects, collaborate more effectively, and ultimately serve our members and stakeholders more efficiently.

To ensure a smooth transition, kindly reply on the emailed notification that you will receive from GlueUp AMS.

We understand that change can sometimes be challenging, but we believe that this migration is necessary to support our continued success and growth as a team. Your cooperation and patience during this transition are greatly appreciated.

Please feel free to reach out to info@aschp.net if you have any questions or concerns leading up to the migration. We will keep you updated on the timeline and any additional information as we approach the launch date.

Thank you for your attention to this matter, and I look forward to our continued success with this new GlueUp AMS system.

Regards

Dr Liezl Herholdt

Director
